WHITEBOARD CARE INSTRUCTIONS

Thank you for purchasing from The Art of Stickers.

This whiteboard has a sticker fitted to it which is coated with a special dry erase film.

The dry erase film is different from the standard whiteboard surface and special care must be taken to preserve the film's working capabilities.

When using this board, please ensure the following:

1. Erase content as soon as it is no longer needed.
2. To remove ink buildup and debris from the whiteboard surface, use water and soft paper towels as needed. For more effective cleaning, add a few drops of mild detergent, such as baby shampoo, to the water.
3. Never use any solvent based cleaners, alcohol wipes, abrasive cleaners or chemicals. Doing so will result in the film deteriorating rapidly.
